Subject: RE:

Sandra —

We're in the process of pulling the laser from JP's to see if it's compatible. They grabbed it today. We'll try to get it out to Amherst next week.

Thanks.

Sorry for delay in reply... I've been out sick...nasty bug

We have a service contract with Perkin Elmer. Please get a quote for repair. This must include the installation of part or it won't qualify for contract. This would be a LL purchase (service/repair)

If you can buy part and install yourself, get quote from PE through 3d party from GSS. This would be a KK purchase (equipment)

Hi Ken,

The laser in our Perkin-Elmer FTIR (about 5 years old) has died and must be replaced. It's a Spectrum 100 Serial Number 77664. What do I have to do to get this done?
